# Editors' Message

As we reach the end of our high school experience our sheltered world is about to become a thing of the past. We will be saying goodbye to caring teachers and beloved peers as we face a world of unknown challenges.

We will no longer be preparing for our futures; now is the time to use what we've learned in striving for our dreams. We must never forget, however, the cherished friends and good times we've shared at Taunton High School. It is the hope of these editors that our Journal will serve as an everlasting reminder of special memories, and will be looked upon with pride.

We wish the class of 1989 the best of luck. "May the good Lord be with you down every road you roam, and may sunshine and happiness surround you when you're far from home."

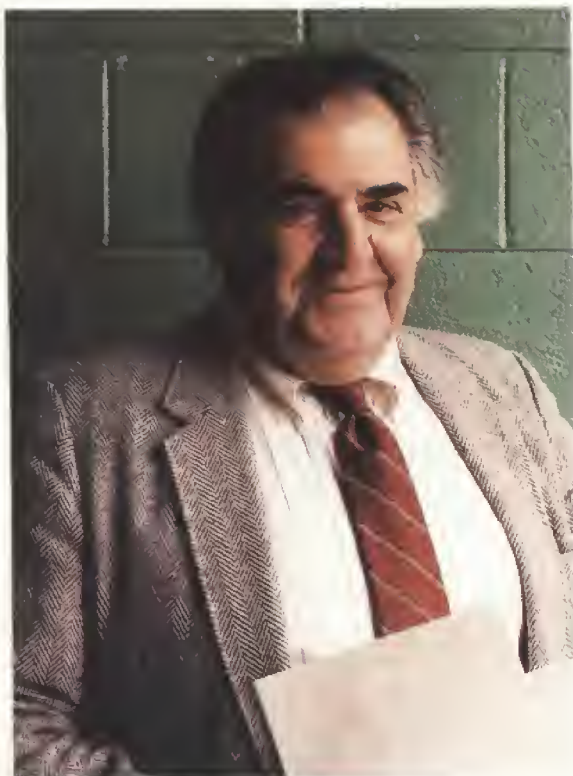

In our hearts we'll all remain . . .

"Forever Young."

Sincerely,

# Dedication

## Mr. Peter P. George

In 1958 Mr. Peter P. George began his career at Taunton High School as an Industrial Arts teacher and football coach. His aptitude for football dated back to his days as a star player for Brockton High School and he continued to be a recognized player at college for the Syracuse Orangemen.

From teacher and coach, Mr. George went on to become Assistant Headmaster and later assumed the position of Headmaster at Taunton High School. As Headmaster, Mr. George oversaw the transition from the old high school to the new. He has provided strength, encouragement and guidance and has had an everlasting influence on countless Taunton High School graduates.

After serving seventeen years as Headmaster, Mr. George announced his retirement in 1988. He now holds the position of Educational Consultant to the Taunton School System and although he is no longer Headmaster, his smiling face can still be seen throughout the building.

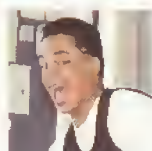

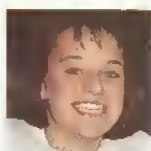

Mr. George, you have left an indelible impression on the Class of 1989. We thank you for the support, leadership and care you have given us. It is our privilege to dedicate the 1989 Taunton High School Journal to you.

We love you!

## Forever Young

May the good Lord be with you  
down every road you roam.  
And may sunshine and  
happiness  
surround you when you're far  
from home.

And may you grow to be  
proud, dignified and true  
and do unto others as you'd  
have done to you.  
Be courageous and be brave  
and  
in my heart you'll always  
stay forever young.

May good fortune be with you  
may your guiding light  
be strong, build a stairway  
to heaven with a prince or  
a vagabond. May you never  
love  
in vain and in my heart you  
will remain forever young.

When you finally fly away  
I'll be hoping that I served  
you well. For all the wisdom  
of a lifetime no one can ever  
tell. But whatever road you  
choose, I'm right behind you  
win or lose. Forever Young.

On behalf of the Class of 1989, the yearbook staff extends its deepest appreciation to Ms. Joan Allenchey and Mr. Raymond Costello for selflessly volunteering their time and effort to the successful completion of Taunton High School's 1989 Journal. Their relentless inspiration during emotional crises and tolerance of our comedic late night fatigue characterizes the support they so eagerly conveyed. Their generosity, guidance and dedication has proven to be the most valuable gift given to our Journal Staff. Their friendship and devotion will be "forever appreciated."

Thank you.

# Seniors

Those are red-letter days in our lives when we meet people who thrill us like a fine poem; people whose very handshake is a brimful of unspoken sympathy and whose sweet, rich nature imparts to our eager, impatient spirit a kind of restlessness which, in its essence, is Divine.

The worries, perplexities, and irritations which have absorbed us pass suddenly like unpleasant dreams — as we wake with new eyes and new ears to see and hear the beauty and harmony of the real world. The solemn nothings which have filled our lives blossom — suddenly — into bright possibilities.

While such friends are near us, we cannot help but feel that all is well. We may never have met these people before and, sadly, they may never cross our life's path again; but the influence of their calm, mellow nature remains a salve we continue to pour upon our life's discontents, and we continue to feel their healing touch throughout our lives, just as the ocean feels the mountain stream freshening its brine . . .

"... They that love beyond the world cannot be  
separated by it. Death cannot kill what never  
dies ... Nor can spirits ever be divided,  
that love and live in the same divine principle,  
the root and record, of their friendship.  
... Death is but crossing the world as friends  
do the seas; they live in one another still ..."

# Special Thanks

The Class of 1989 has been extremely fortunate. We have been blessed with a caring, dedicated faculty who have made our four years at Taunton High School memorable ones. There are two individuals, however, who have been exceptionally generous, both with their time and their hard work. Mrs. Chadwick and Mrs. Camac have been our class advisors for the past four years, and without them the Class of 1989 would not have been nearly as successful. Their patience and dedication to our class has been immeasurable. For this, we, the Class of 1989, will be forever grateful.

Being an advisor to the Class of 1989 wasn't always easy you know.

It took a big smile and a kind heart.

The prom meetings sometimes got out of hand!

But I feel confident in a job well done.

A-w-w heck, we made it all happen!

## The Lady's Party

For four golden days and gaudy nights, she was the still point of a turning, kaleidoscopic world. Immovable, she gazed upon the revelry with her forthright, rather stern expression. While not exactly a wallflower at her own birthday party, she appeared slightly aloof, distant. "What's the big fuss?" she might have been thinking. The question is understandable: after 100 years there is little the old girl has not seen before. But as an immigrant herself, she is perhaps even more sensitive to the curious ways of her adopted country, silently indulgent of good old American exuberance, excess and, yes, glitz. Though millions of visitors gawked at her, perhaps no one looked quite closely enough. Let them cavort, she seemed to say with an imperceptible smile. Liberty may be proud, but she isn't haughty.

The Statue of Liberty is a sculpted symbol of freedom, an icon of democracy clothed in copper and iron. But the idea of Liberty Weekend for most people was simply to have fun, to watch ships passing under the sun and fireworks blossoming under the stars, to feel good about themselves because they felt good about their country, to feel proud of being proud.

I assumed that the President was aware of what I was doing and had, through my superiors, approved it.

In a stunningly theatrical appearance, the outspoken Marine cloaks himself in honor and injured virtue. He insists he followed the orders of the President's top advisers.

## After the Fall

What crashed was more than just the market. It was the Reagan Illusion: the idea that there could be a defense buildup and tax cuts without a price, that the country could live beyond its means indefinitely. The initial Reagan years, with their aura of tinselled optimism, had restored the nation's tattered pride and the lost sense that leadership was possible in the presidency. But he stayed a term too long. As he shouted befuddled Hooverisms over the roar of his helicopter last week or doddered precariously through his press conference, Reagan appeared embarrassingly oblivious to a reality that he could scarcely comprehend. Stripped of his ability to create economic illusions, stripped of his chance to play host to Mikhail Gorbachev, he elicited the unnerving suspicion that he was the emperor with no clothes.

### The Challenger Catastrophe

The eye accepted what the mind could not: a sudden fire, then white trails streaming up and out from the fireball to form a twisted Y against a pure heaven, and the metal turning to tags, dragging white ribbons into the ocean. A terrible beauty exploded like a primal event of physics — the birth of a universe; the death of a star; a fierce, enigmatic violence out of the blue. The mind recoiled in sheer surprise. Then it filled with horror.

One thought first of the teacher and her children — her own and her students. One wanted to snatch them away from the sight and rescind the thing they had seen. But the moment was irrevocable. Over and over, the bright extinction played on the television screen, almost ghoulishly repeated until it had sunk into the collective memory. And there it will abide, abetted by the weird metaphysics of videotape, which permits the endless repetition of a brute finality.

That had the machismo of matter-of-factness. It is true that the tragedy played itself out to maximum dramatic effect: the shuttle, now boringly routine, lifting off and then annihilation itself in full view of the world. It is true that television pitched itself fervently into what has become its sacramental role in national tragedies — first wounding with its vivid repetitions of the event, then consoling, grieving, reconciling, administering the anchor's unctions. It is true that Christa McAuliffe, a teacher representing all the right things in America, rode as a non-professional, an innocent, into space, and her death therefore seemed doubly poignant and unfair.

The loss of the shuttle was a more profound event than that suggests. It inflicted upon Americans the purest pain that they have collectively felt in years. It was a pain uncontaminated by the anger and hatred and hungering for revenge that come in the aftermath of terrorist killings, for example. It was pain uncomplicated by the divisions, political, racial, moral, that usually beset American tragedies (Vietnam and Watergate, to name two). The mission seemed symbolically immaculate, the farthest reach of a perfectly American ambition to cross frontiers. And it simply vanished in the air.

### To Be The Best

The best of anything. The best of everything. The best of everyone. Once, wars were called off for the Olympic Games, but lately the Games have been lopped off for wars. Like a wreath bent out of shape by an ocean wave, one Olympic ring at a time, representing a continent or so, has dislodged itself in a snit and drifted away. The race was still won in 1976, but the Africans weren't in Montreal. The basket was still scored in 1980, but the Americans weren't in Moscow. The weights were still lifted and the punches still landed, but in 1984 the Soviets and Cubans weren't in Los Angeles. Some incalculable competition was missing, some inexpressible definition was lost.

However, in 1988, all of the world's nations gathered in friendly competition, bringing a long-awaited global unity. During the games in Calgary and Seoul, time seemed to stand still, and all of the world's disputes seemed just a little less significant. From the excellence in athletic achievement to the genuine spirit of good will, the 1988 Olympic Games will stand as a lasting symbol of international harmony.

### The Gorbachev Era

We knew he was going to be different. Last week he marked only his 28th month on the job, yet already his name is being used to describe a new era. That may be premature, but it conveys the sense among citizens and observers of the Soviet Union that Mikhail Sergeyevich Gorbachev, 56, is more than just the supreme leader of a vast, heavily armed country: he also represents the potential for dramatic change.

Gorbachev needs a respite from all-out competition with the West in order to get on with his program. He wants to transform the Soviet Union from a muscle-bound but backward empire into a modern state able to hold its own in the global marketplace of goods and ideas. "The U.S.S.R.," says Gorbachev, must become a "real superpower."

In foreign policy, Gorbachev is seeking a relaxation of tensions so that he can devote energy and resources to his domestic reforms. That is why he has been so determined to engage the most anti-Soviet of American Presidents in personal diplomacy. Gorbachev needs to convince international public opinion that he is one of history's good guys. So far, he has proved himself a master of low-risk, high-payoff gestures, doing things that in other societies would be considered only normal and civilized. He let Andrei Sakharov return to Moscow from exile, for instance, and thus earned the cautious, qualified support of many dissident intellectuals, including Sakharov himself. Gorbachev has been talking about the dangers of the nuclear and geopolitical competition in a way that is intriguingly — or, skeptics would say, suspiciously — similar to the way liberal Western strategists have talked for years. Sometimes he seems almost to be proposing an end to the cold war.

Taunton	8-2-0	6-1-0

With sophomore Jeff Bartel and senior Eric DaCosta gobbling up good yardage behind a hard-working offensive front, THS quickly found paydirt on that initial offensive possession. Senior standout quarterback Jon Castle, who was to make his final appearance on the gridiron as a Tiger perhaps his most memorable one, capped a 12-play, 76-yard march with an 18-yard scoring strike to senior Billy Pabst, who made an acrobatic diving catch in the right corner of the endzone. It was Pabst's second catch of the series, the speedy little wideout also latching on to a key 3rd-and-5 Castle aerial that gave his mates a first down setting up the touchdown. Jon Foster added the PAT for a 7-0 THS lead 5:24 into the contest.

The Tigers turned to a little razzle-dazzle to boost their advantage to 13-6.

Castle handed the football to DaCosta, who faked a dive into the line but instead lateralled back to Castle, who, in turn, found his favorite receiver — junior Chris Perrone — streaking all alone down the middle of the field. The result was a 67-yard TD toss, the pair's 13th TD-connection of the campaign in what was the Tigers' first try at the "Flea Flicker" this season.

**BRIDGEWATER** — Thanksgiving Day 1988 will forever remain 'Golden' in the eyes of the Tigers of Taunton High.

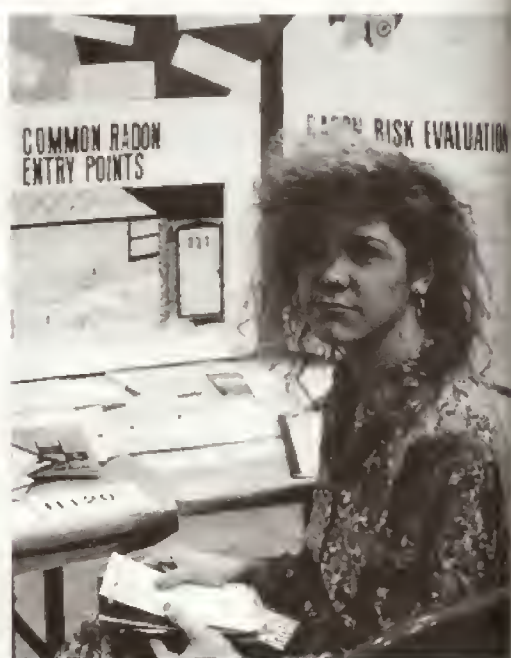

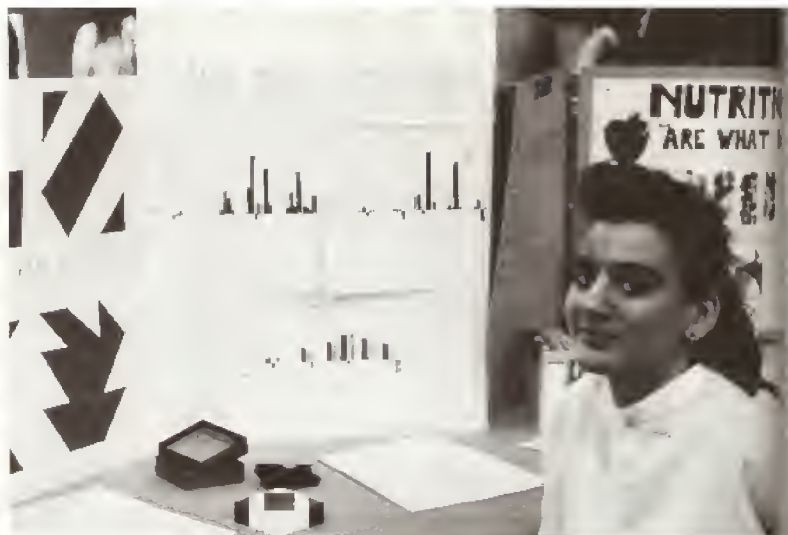

Following an incomplete pass, Castle then lofted an aerial towards senior tight end Greg Gallagher's direction. That ball however, was batted around and fell into the hands of Perrone, who, untouched, carried it the final couple of yards into the endzone. Foster added the PAT and the Tigers walked into the locker-room at the half holding on to what looked like a comfortable 20-6 bulge.

# BASEBALL

The Taunton High School varsity baseball team had its most successful season in years, qualifying for the state tournament. The team, coached by Kenneth Perry, has great expectations for its upcoming 1989 season as well. Returning to the mound are veteran pitchers Wayne Schilling, Jim Wile, Andy Araujo, and Tom Fresoni. Tim Silveira and Bill Fagundes figure to be mainstays on the team. Rick LeBrun and Mike Faria will be patrolling the outfield. Jeff Krockta and Craig Morrissey should bolster a strong Tiger defense. All in all, it figures to be an exciting season for the Tigers.

# BASKETBALL

The Tigers, in 1988, were always competitive and into every game. Although they lacked height, this hustling team pulled off many upsets, oftentimes winning games in the waning seconds.

The Tigers were led by captain Jon Castle, a standout performer who averaged 20 points per game. Sean Geer enjoyed a stellar sophomore year, often scoring in the clutch for the Tigers. Keith Marshall established himself as a valuable performer. Craig Morrissey, always hustling, performed admirably as well.

It was an exciting season for the Tigers hoop team.

1st Row (L to R) — Craig Morrissey, Jim Wile, Jason Langhurst, Jon Castle, Wayne Shilling, Jon Foster. 2nd Row (L to R) — Coach Anderson, Keith Marshall, Ricardo Sousa, Sean Geer.

Group — Pay attention!  
C. Morrissey — Look me up.  
K. Marshall — Stop!  
S. Geer — Pullin' it down.  
J. Castle — Eeek!  
Group — Lonely days.

# GIRLS' BASKETBALL

1st Row (L to R): T. Bochner, D. Greer, J. Carr, B. Arruda. 2nd Row (L to R): D. Gonsalves (coach), T. Downey, S. LePage, G. Perry, A. Ashworth, S. Galligan, T. Tokars.

The Lady Tigers clawed their way through another disappointing season. They were plagued by inexperience and a lack of height. The Tigers played valiantly under the leadership of senior captains Jen Carr, Denise Greer, and Gina Perry. The strong play of the seniors was complemented by sophomores Beth Arruda, Alexis Ashworth, Tricia Bochner, Tara Downey, Sarah Galligan and Suzanne LePage. With two starters out because of injuries, Denise Greer took charge and was named an O.C.L. All-Star for her exceptional performance.

We would like to thank Coach David Gonsalves for his years of dedication and hard work. We will miss him!

# CHEERLEADING

Our 1988 season proved to be very successful for us. At the United States Cheerleading Association's camp held at Bridgewater State College we placed 1st and took 3 of the top 4 cheerleading awards. Holly Wade placed 1st, Amy Dussault placed 2nd, and Di-Ann Eisnor placed 4th. We also qualified to compete at the Nationals in Michigan. Our success continued as we qualified to participate in the Can-Am competition in Canada this spring. A special thanks to our coaches and sponsors.

The Tigers also sent four players to the O.C.L. All-star game, including Pam LePore (capt.), Gina Perry (capt.), Tricia Boehner, and Beth Arruda. The team was dominated by seniors who will leave the responsibilities to only three sophomore veterans.

# FOOTBALL

The THS Varsity Football team had a tremendously successful campaign, winning the O.C.L. Championship for the first time with a record of 8-2. After two early, bitter defeats, the team rebounded to win five consecutive games. The squad, coached by Robert Lane, finished 7th in the Division 2 state rankings.

The Tiger offense was lead by the record breaking duo of Jon Castle and Chris Perrone. The line was stabilized by Jeff Krockta, Bill Fagundes, and Jim Wile. On the defensive front, Martin Dias, Eric DeCosta, and Mike Rodriguez were the stalwarts. Optimism is high for the upcoming year with outstanding talents Brian Rasmussen and Jim Hogan returning. Young Tigers Aaron Delang, Matt Friary, and Jeff Bartel also return.

# GOLF

The Taunton High Golf team had a tremendously successful season in 1988. Although only 9-6 in the regular season, the team won its first post-season all-star title. The team was led by senior captain Dan Botelho, an all-league performer. Also performing strongly for the Tigers were Chris Gray and Tim Donovan. Chris Scully and Mike Reilly had successful campaigns for the Tigers as well. The Tigers are a young team and can be considered the forerunners in the upcoming '89 season.

The team was led by the explosive scoring of Kevin Mosier and the spirited play of Jim Reilly. Sean Sullivan, oftentimes facing a barrage of fifty shots, proved to be a more than efficient goalie. Brian Rasmussen along with Dan Rose were also key contributors for the team.

# SOCCER

Although Taunton had a disappointing soccer season, finishing at 4-11-2, there were several bright spots. Taunton played respectably in the better portion of their matches. They defeated Briston-Plymouth twice and in the final game of the season they defeated previously unbeaten Coyle-Cassidy.

Taunton sent Lucas Martins, John Sousa, and David Borges to the league all-star game. With many players returning, the team will be looking forward to a much more productive season next year.

The Boys' Swimming and Diving team again did not have a winning season. The team ran into problems early in the season when the school's pool had a leak and had to be drained and repaired. After that, the boys made the best of their short one hour practices at the Boys' Club.

Although the team did not do very well this year, a few individuals did outstanding. School records were broken in many events, four of which were broken by Gregg Tinkham and an additional two by Tim Pitts. Gregg and Tim also joined Jeff Shearstone and Bob DeFreitas to break the 200 Medley Relay record. A lot of credit and thanks must go to our coach, Gary Swiatek, who has helped us to make the best of a difficult season!

After years of being co-ed, the THS Swim Team separated into individual girls' and boys' teams. The split proved to be very beneficial, bringing fourteen new members to the team, with only five girls returning.

Although the record of the 1988 season shows little success, the girls have greatly improved. Of the new members eight were freshmen and two were sophomores. Each of the nineteen member team, captained by senior Kerry Litchfield and sophomore Amy Corey, improved her techniques and times significantly.

In the upcoming '89 season the team will look forward to a successful season.

# TRACK

The Taunton High School winter track team easily laid claim to the OCL championship in the 1988-89 season. It was the fourth consecutive year that the team, coached by Pete Sanchioni, had won outright or tied for the honor of league champs.

The team was led by state decathlete champs, Chris Perrone and David Borges. Both James Gonsalves and Martin Dias proved valuable members as well, running the mile and 600 yard dash. Brad Lopes appears to be an up and coming talent in the 300. John Monteiro and Eric DeCosta hold down the 50 yd. dash duties. Kevin McCone and Billy Fagundes were the strong men in the shot put. Most of the members of the winter track team also compete in the spring.

The Girls' Winter Track team enjoyed one of their most successful seasons ever this year. Due to a well balanced team and an outstanding overall effort, they placed second in the tough OCL. The team was led by the speedy Lynn Lema in the 50 yd. dash. Heather Bullard, school record holder in the high jump, also was a league leader in the hurdles. Erica Bell, a freshman, proved to be valuable in the 300. Wendy Sroczynski, a Tiger standout, was unable to complete this season due to unfortunate injuries.

Coach McKenna has reason to be proud of his Lady Tigers. With a solid nucleus of performers returning next year, the future looks bright.

Going to McDonald's® is almost as much a part of school as going to class. You've made us the place to meet, to talk, to have a good time, to celebrate your victories and help forget defeats.

You've made McDonald's more than just another place to eat. And that's why, at McDonald's, we say...

# WE'LL PROTECT YOUR BUILDING WITH FIVE DIVISIONS OF SERVICEMEN.

If you're managing a building, you're managing a war. You are the General, and as the one in charge, your responsibility is to keep your tenants satisfied and to protect them against the siege of surprise attacks — from breakdowns to break-ins.

We're Delta and we can help you win that war. We'll protect your building with five divisions of reinforcements — Delta Elevator Service Corp., Delta Security Corp., Delta Building Services Corp., Delta Building Maintenance Corp., and Delta Elevator Equipment Corp.

**Delta Force.** Five divisions with one mission — to win the war for you.

Call John MacDonald at (617) 782-0636 and let us protect your building before the enemy launches its next attack.

**The yearbook staff would like to thank those special individuals who helped to make the 1989 Journal so successful.**

Conrad Schmidt	— You've been blessed with the virtue of patience
Ethel Fraga and the T.H.S. Library Staff	— No, we're not done with the copy machine yet.
Warren Lincoln	— We owe you a pizza (without linguica)!
Evening Custodial Staff House and Guidance Secretaries	— Go on home, we'll lock up.
Grace Trow	— We need a list of every list you have listed.
Pat Morin	— Grace, just tell'm I'm not here — J.A.
Joseph Martin	— Couldn't we dedicate the whole notice sheet to the yearbook, just this once?
Tess Kelly	— If we exposed your pathological printer pilferage, we'd be taking a "byte" out of crime!
Gary Walters	— What d'ya say we print out some lists just for kicks?
Paul and Janet LePore	— Thanks for the "Memories," get it?
Dana and Claire Litchfield	— You're Heaven-bound for sure with a daughter like Pam!
Charles and Marilyn Bianchi	— Hey Lady! What are you doing here at 4:30 am?
The Employees of CPS Photos	— Why don't you let Donna balance the checkbook this year?
Damon Carter	— Let me guess, none of our pictures came out again?
Daniel Sousa	— I expect 1991's Journal cover design on my desk first thing Monday morning.
	— Now, this is Top Secret, so mum's the word!
